Mennonite Village

Employee News

To be a Christ-centered community providing life-enriching services

Time to Declutter

There are items in the old Rehab hall that will be made available to staff for free starting March 29th.

Items will be on display starting March 29th through April 1st. Larger items will have a sign-up sheet with them so any employee can put their name down and be entered into a drawing for that item. Staff will only be eligible to win one item with the signup sheet.

CONSTRUCTION PART TWO

It looks like round two of our nursing home remodel will start mid April. This means we will be losing around 12 parking spaces for construction equipment. Please make sure as an employee to park in spots designated for employees (NOT VISITORS). Even if you are just running in to pick something up, if you use a visitors spot our residents family and business visitors do not have a place to park. They often do not know the campus as well as we do so they can become lost or frustrated trying to find a place to park. We want to avoid that as much as possible. Thank you for your patience during this time. I think after seeing the 1st phase we all know the slight inconveniences are more than worth it in the end.
