POLICY SPOTLIGHT

Medical Face Masks, Goggles
and Face Shields Oh My...

Yesterday afternoon officially Mennonite Village implemented the new procedure of requiring medical face masks for all employees and visitors on campus along with the extra requirement for those working in care areas. Face mask and either goggles or a face shield must be worn when in one of the care facilities (MH, QR, LH) and when social distancing cannot occur. If you have questions see your supervisor.

BACK TO SCHOOL CARDS

There is still plenty of time to turn in your request. We have Fred Meyer gift cards available to employees who are attending or have family in their home attending grades K-12. Request forms were sent out through OnShift and can be found with your scheduler or on-line under the employee portal. Turn form in to HR or your department supervisor. HR will process the request and get cards sent back to your areas closest front desk so you may pick them up. Please do not come to HR to pick up a card unless you work in the Admin area.

Creative Alternatives to In-Person Gatherings

With the statewide ban on indoor social get-togethers of more than 10 people (not living in the same household) it's time to get creative. We know it can be hard not gathering with your friends and family in the ways you're used to. Below are some options provided by OHA you can try for any social events you have in mind:

- ❖ Drive-through celebrations for birthdays, showers and other milestones
- ❖ Multiplayer features on your computer, gaming console or favorite online game to host a game night with friend's
- ❖ Host watch parties with your friends using your streaming video app of choice
- ❖ Videoconferencing such as Skype, Zoom FaceTime, Google Hangouts for all types of informal get-togethers, including cooking parties, dinner parties, book clubs and more
